Dustin is the founder and principal broker of Horizon Business Brokers, which was established in 2006 and serves the greater Washington DC, Baltimore, Richmond and Raleigh Metro areas.

Dustin started in the business brokerage industry after studying Business Management & Administration in college as he always had a passion for small business, real estate, finance, and business law so to him business brokerage was the perfect opportunity to be able to do everything while helping people achieve their goals in becoming a business owner and to successfully exit their business.

Dustin has helped sell over 300 businesses and has extensive experience in working with a variety of business industries and sizes, but has had most success and the greatest results for his clients in the service related industries.

Dustin has been a member of the IBBA for over 15 years and is honored to be a part of and local regional broker associations like the CVBBA as a board member and the MBBA as a President. He enjoys the brokerage community, learning and giving back to those he meets.

Dustin has called Northern Virginia home for nearly 35 years and lives in Prince William County with his wife and two young boys. Dustin is proud to serve his community of business owners, entrepreneurs, and fellow business brokers and looks forward to working with you!
